GELARD MUTWEZI

SOFTWARE DEVELOPER & IT SUPPORT SPECIALIST

Kampala, Uganda | geraldvaros@gmail.com | +256 772 676 944 | github.com/Varos14 | linkedin.com/in/gerald-varos-3019ab2b1

PROFESSIONAL SUMMARY

IT graduate in Kampala with hands-on experience in full-stack web development, relational database systems, and IT support. Skilled in React, TypeScript, Node.js, SQL, Power BI, and systems troubleshooting to deliver reliable, maintainable solutions.

PROFESSIONAL EXPERIENCE

Junior IT Specialist Intern *Mar 2025 May 2026*

Equal Opportunities Commission - Kampala, Uganda

- Resolved workstation hardware, printer, account access, and peripheral issues across departments to maintain productivity.
- Supported local area network (LAN) connectivity, user credentials management, and preventative IT maintenance procedures.

Full-Stack Developer & Software Engineer *Jan 2024 Present*

Wampeewo Ntake SS Project - Kampala, Uganda

- Engineered school competency CMS managing student activities, assignments, skill ratings, timetables, and attendance.
- Built responsive frontend views in React & TypeScript, integrated secure Node.js/Express REST APIs, JWT, and MySQL database.
- Designed automated PDF export pipelines for instant generation of official student performance transcripts.

IT Specialist / Industrial Training Intern *May 2024 Aug 2024*

Victoria University - Kampala, Uganda

- Completed rigorous industrial training placement covering network diagnostics, OS deployment, and institutional hardware care.

KEY TECHNICAL PROJECTS

Wampeewo Competency CMS | React, TypeScript, Node.js, Express, MySQL, Docker

- Academic operations platform featuring role-based portals, class timetables, syllabus notes, and secure data sync.

Undergraduate Capstone Information System | Systems Analysis, Relational DB, Security

- Conducted systems analysis and modeled normalized schemas with ER diagrams for secure organizational records handling.

Secure API & PDF Reporting Service | REST APIs, JWT, Express, PDFKit, Sequelize

- Engineered rate-limited endpoints, token-based authorization guards, and dynamic PDF reporting routines.

GIS Spatial Mapping | Python, GIS Spatial Data, Mapping APIs (Grade A / 85%)

- Analyzed geographic and demographic datasets to visualize infrastructure distribution patterns on interactive maps.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript (ES6+), SQL, Python, HTML5, CSS3
Frontend: React.js, Vite, Tailwind CSS, Zustand, React Router, React Hook Form
Backend & DB: Node.js, Express.js, RESTful APIs, Sequelize ORM, MySQL, SQLite, JWT, PDFKit
Data & Tools: Microsoft Power BI, Microsoft Excel, Docker, Git, GitHub Actions, Linux/Bash, LAN & OS Support

EDUCATION

Bachelor of Information Technology *2022 2025*

Victoria University - Kampala, Uganda

Uganda Advanced Certificate of Education (UACE) *2020 2022*

London College of St. Lawrence - Maya, Uganda

Uganda Certificate of Education (UCE) *2016 2019*

London College of St. Lawrence - Maya, Uganda
